

# To change the size of text permanently in Firefox (later versions 1.5+)

2. Click the "Content" tab here.

You will probably see the font size of "16" here

3. Click on a bigger size, in this case "18", to select it

4. Click the [OK] button to confirm your choice. The size of text in the browser will now be larger each time you use it.

Large size text can affect the way websites are shown so avoid very high sizes - try
